CHESTERMERE

Proclamation

MELANOMA & SKIN CANCER AWARENESS MONTH

MAY 2024

Whereas, the month of May is designated as Melanoma & Skin Cancer Awareness Month, aimed at highlighting the importance of prevention, detection, and treatment of melanoma and other skin cancers; and

Whereas, melanoma and skin cancer are significant public health concerns affecting individuals of all backgrounds, with rising incidence globally; and

Whereas, early detection through regular self-exams and healthcare screenings is crucial for effective treatment and improved outcomes;

Now, therefore, I, Doug Lagore, as the Official Administrator for the City of Chestermere, do hereby proclaim the month of May as Melanoma & Skin Cancer Awareness Month in Chestermere. I urge all citizens to educate themselves about the risks associated with melanoma and skin cancer.
