CHESTERMERE

Proclamation

SENIORS WEEK

JUNE 3-9, 2024

In celebrating contributions made by seniors in our community we welcome everyone to share in the events taking place during Chestermere's Seniors Week.

To our seniors of Chestermere, we demonstrate our gratitude and a heartfelt salute, for all you have achieved throughout life and all you continue to accomplish. We will continue to make sure that our community is an amazing and a safe place for all and one where you can participate to the fullest and can find the encouragement, acceptance, assistance and services that you need, to continue to lead your life with dignity independence and respect, in which to mature and grow older.

Whereas, older adulthood should be universally celebrated and valued, celebrating seniors is an important way to promote positive images of aging, of those who helped to build our country, and to continue to contribute to its success; and

Whereas, seniors in our lives and communities are rich in experience and abilities, they are positive contributors with a magnitude of knowledge, insight and wisdom-our greatest resource; and

Whereas, the City of Chestermere Seniors Week, strengthens our community and ensures that seniors are connected, valued, and held in high regard;

Now, therefore, I, Doug Lagore, as the Official Administrator for the City of Chestermere, do hereby proclaim the week of 3- 9 June 2024 as Seniors Week in Chestermere.
